

From The President
To Former Naval Person

By coincidence I was again at Shengsi La
this afternoon when the news from Rome
came, but this time it seems to be true.
If my overtures come we must be
certain of the use of all Italian
territory and transportation against
Germany in the north and against the
whole Balkan peninsula, as well as
use of airfields of all kinds. It is
my thought that we should come as
close as possible to unconditional
surrender ~~of the~~ followed by good
treatment of the Italian populace. But

I think also that the band do not
should be surrendered together
with his chief partners in crime.
In no event should our officers
in the field fix on any general
terms without your approval
and mine. Let me have your
thoughts.
